Dear Ruth,

I wanted to let you know how thrilled my wife and I am with the roof replacement you and your guys did. Everyone involved, including Bob, who did the estimate have been great. Your crew did an excellent job not only in cleaning up at night and taking care of minor details but in installing what looks to be a perfect roof. I also want to thank you for taking the initiative to repair a screen even though your guys did not tear it. I would be happy to recommend you and your company to anyone.

Please feel free to use me as a reference anytime.

Ruth, again, thank you for doing a great job and going beyond what was expected.

Very truly yours,

Scott Baitcher
